Education

Computer Programming, Hive Helsinki, Helsinki

OCTOBER 2021 — PRESENT

In Hive, we learn to learn efficiently, solve problems, and grow our teamwork skills.

Peer-to-peer studies shaping the next generation of coders.

Skills solidified: project collaboration, interpersonal communication, rigor, and personal responsibility.

Interesting projects for which I am proud:

- The first fifty most important function recreation in C - Libft.
- Dockering, creating my own Minecraft containerized server - Docker.
- My **proudest** project so far is made solo, full-stack a re-creation of Instagram, fully functional and live! **CHECK OUT**
